Perimeter Security

Electric Palisade Fencing

- Very robust
- Awaiting market

Electric Fence Wires

Fibre Detection (D30)

- Deflection Sensor
- Fence mounted or Buried (as Shown)
- Pre-terminated lengths up to 250m (MTO)
- Stand alone or network

Taut Wire

- Deflection Sensors
- Bolts to the electric fence wires
- Detects wire separation or cutting
- 1 x sensor per wire, max span 100m
- Stand alone or network
